European peace.

In connection with the approaching evacuation of Uganda by the British East Africa Company I have deemed it expedient to authorize a Commis-sioner of experience and ability to examine on the spot, with adequate provisions for his safety, into the best means of dealing with the country and to report to the Government.

In view of recent occurrences to Egypt I have determined upon making a slight augmentation in the number of British troops stationed in that country. This measure does not indicate a change of policy or a modification of the assurances my Government has given from time to time respecting the British occupation of Egypt. The Khedive has declared in terms satisfactory to me his inten tion to follow henceforward the established prac-tice of previous consultation with my diovernment in political affairs, and his desire to act in cordial

co-operation with it.

I have observed with concern the wide prevalence of agricultural distress in many parts of the country. It is to be hoped that among the causes
